Your patient would like to participate in the YMCA of Rock River Valley LIVESTRONG at the YMCA Cancer Survivor Exercise Program. The program is designed for adult patients who have become de-conditioned or chronically fatigued from their treatment and/or disease. The program includes multiple components including: cardio respiratory, muscle strengthening, flexibility, and nutritional education. A specific, individualized exercise program will be created for the participant, based on needs, interests, and any recommendation you may provide.

The program is designed to begin with easy, simple exercises and progress to an increased but appropriate workload over the 12-week session. Following these principles will over time, improve overall fitness and muscular strength.

Our LIVESTRONG at the YMCA program will be administered in a small group setting of 10-12 participants by certified fitness instructors with direct certification in cancer survivorship needs and assessment.

LIVESTRONG® at the YMCA CONSENT AND RELEASE FROM LIABILITY

I hereby consent to voluntarily participate in LIVESTRONG at the YMCA. I understand the goal of the program is to help adult cancer survivors develop and maintain cardiorespiratory fitness, muscular strength and endurance, flexibility and balance. The program is designed to gradually increase workload on the body to improve overall fitness. The rate of progression is regulated by the rate of my perceived effort of exercise. I understand that I am responsible for monitoring my own condition throughout the exercises and should any symptoms occur, I would cease my participation and inform the instructor and my physician of the symptoms.

I agree to consult my physician and obtain written permission from my physician prior to the commencement of the LIVESTRONG at the YMCA program. I understand the YMCA does not practice medicine and the program is not a substitute for the care I receive from my physician or other qualified health care providers. I understand the LIVESTRONG instructor is not a qualified health care professional, does not practice medicine, and support provided by the instructor is not a substitute for the care I receive from my qualified health care providers.

In consideration for being allowed to participate in this program, I agree to assume the risk of such exercise, and further agree to hold harmless the YMCA, its employees and agents, from any and all claims, suits, losses or related causes of action for damages, including, but not limited to, such claims that may result in my injury or death, accidental or otherwise, during or arising in any way from my participation in the LIVESTRONG at the YMCA Program.

By signing below, I affirm that I have read the above in its entirety, and I understand the nature of the LIVESTRONG at the YMCA Program. I also affirm that my questions regarding the program have been answered to my satisfaction.
